Fireworks, food & family time - there are so many enjoyable reasons to celebrate the Fourth of July holiday! Stocking up on food, games and fireworks can get a little costly, so it's good to know you can still celebrate in patriotic style with Americana decor that's fun, easy and super affordable to make with a little help from Aleene's® Glues. We've put together a roundup of several patriotic decor ideas you can make yourself in a short amount of time without complication or expense so you can focus on celebrating!

Instructions:

At some point in your Fourth of July celebration, people are going to have to eat! Set your table in star-spangled style with this [Star Table Runner](#) that's super easy to make with felt and [Fabric Fusion](#). It's perfect for adding patriotic flavor to indoor and outdoor table settings and still leaves room for all of the good eats!

Turn yarn into lights? Yes! These [Patriotic String Lights](#) will add a pretty ambiance whether hanging from your patio, fireplace mantle and elsewhere. Use balloons, [Tacky Glue](#) and yarn to get this project underway. Try embellishing with red, white & blue ribbons or even dangling stars for a fun variation!

Mason jars are the ultimate multi-purpose item, wouldn't you agree?! You can use them as vases, luminaries, drinking glasses and so much more. Create a set of Americana mason jars for your 4th of July celebration with mercury glass mason jars and embellishments like Americana fabrics, twine, stars and more ... all you need is a tube of [The Ultimate Multi-Surface Adhesive](#) for a set of patriotic mason jars that look fab whether used as a table centerpiece or decor for your serving table.

Do you have a stash of corks left over from your last big bash? Put them to good use with this fun American flag wall hanging made from corks! Acrylic paint, star embellishments and [Original Tacky Glue](#) bring this [Patriotic Cork Flag](#) project together that you can really keep up all year round to show off your USA spirit.

And because we can't leave the kiddos out, this [Patriotic Slime](#) project is a perfect craft activity during your 4th of July celebration! Use nontoxic [Clear Gel Tacky Glue](#) and red, white and blue glitter to make this slime recipe that'll keep the kids entertained until it's time for fireworks.
